The Third Annual San Antonio Fashion Awards is meant to serve the local fashion community and the city of San Antonio as a means to celebrate those individuals who help push our local fashion & style industry forward. Consistent innovation and quality are vital to the ongoing improvement and growth of our local fashion scene. Without creativity and drive, we cannot hope to strengthen our credibility or local industry. Therefore, we aim to acknowledge those whose inventive thinking, talent and work ethic not only serve their brand, but also serve San Antonio's mission of "A City On the Rise". We take special note of those whose originality, as well as modern ideas help propel our local fashion community into the next generation of excellence. Winners will be announced at the formal and fashionable award ceremony that made history in 2015! It was unlike anything this city had ever seen before and this year is set to be the best year yet.

Be sure to join us this Fall for the Third Annual San Antonio Fashion Awards. #SAFashionAwards

October 12th | Tobin Center Riverwalk Plaza
